Straddle vine & berries

Tillage, sprayer, trimer

Laboureur

Standard equipment

ENGINE: KOHLER 140 or 120 Hp, Without additiv, Without particle filter, Garantie 3 ans Or 2000 h; very high torque, simple, robust, economical, in ventral rear position, very accessible..

CLEARANCE: 150 cm

SUSPENSION: 2 on front wheel, articulated suspensions hydrauliques cylinder, adjustable in height and hardness, very good shock absorption

STEERING: 2 steering wheels with very small turning radius,

TRACK: hydraulic variable track front and rear: 190 cm to 300 cm

WD: 4 wheel drive permanent + traction control system, 4 large Hydraulic wheel motors POCLAIN 1043Cc

CHASSIS: mechanically welded, steel HLE (high elastic limit), narrow jamb, 1 central beam of patented form, very good visibility on the tools

HYDRAULIC CIRCUIT: 1 advancement pump SAUER DANFOSS + 2 pumps LS 90l / mn + pumps for accessories

CABIN: Air-conditioned and pressurized class 4 + carbon filter class 4, soundproof, comfortable, panoramic visibility, touch screen color control, very good ergonomics of the controls

ROAD APPROVAL CE

SOIL WORK TOOLS: between wheels for intercepts and inter-row + erasers traces + push-pull hydraulic connections, large capacity tool holder, height automatism

Optional

SPRAYER: 1 tank 600-liters or 1000 liters, en stainless steel, REMOVABLE tank, ventral position, automatic regulation by TEEJET

SPRAY UNIT: 2 or 4 rows, jet spray + cyclonic tangential air, 1 turbine per row, ZNT approval

TOOLS: 2 side arms, work on 2 or 4 complete rows, hydraulic swivel forward / reverse 180 °
